Le Cabaret 2022 Official Weekend Program

WELCOME TO HUSTLABALL 2022

"LE CABARET"

On behalf of myself and the entire HustlaBall team, I want to welcome you to Las Vegas and to the 9th edition of HustlaBall Vegas.

Almost 2 years ago all live events, including HustlaBall, stopped. We were the first industry to really fully shut down and overnight, business evaporated for everyone. It was estimated that 96% of us in the live event industry were unemployed, furloughed or lost up to 90% of our income. This weekend, we're finally able to open our doors! Myself and my entire staff will do our best to make your HustlaBall experience as "normal" as possible. We have worked day and night to make the best and safest event possible, so please respect each other, love each other and have fun! – we all deserve it.
